Goals for 2006-2007

Successful completion of first full year in new space
Opening on weekends
Increasing connections to academic units through hosting limited classes and faculty office hours
Developing and adopting 5 year strategic plan, 06-07 through 11-12
Implementation of strategic plan for educational program
In partnership with athletics, addressing athletic facility issues related to transgender people
Alignment of Director's doctoral work with organizational development of the Center
Implementing outreach in partnership with Admissions and Relations with Schools to prospective students who are LGBT identified

Major Issues and concerns for 2006-2007

Contingencies for replacement of carpet and furniture
Funds for student interns to staff the Center
How to count and quantify LGBT people at UCSD: faculty, staff and students
Addressing LGBT issues through Diversity Council

Misinformation and fear of our community, especially transgender people
Continued competition for grants and shrinking grant opportunities

National and State Issues that will affect us

Marriage equality Transgender equality
