## Donations for Bringing Sisters in Cinema to San Diego

*UCSD LGBT Resource Center*

Hey everyone! My name is Jose Vega and I am the Preuss intern. Working at the LGBT Resource Center for these past few weeks has been one of the best experiences I have had. After coming out, I never really had people who I could connect with because I did not know any other queer people, which made me feel pretty much alone. Once I began interning at the resource center, I met many really amazing people and that feeling of loneliness is gone. I know that even after my internship, the LGBT Resource Center is a place I can go to and feel accepted, and I want to thank everyone here for that.

## Point Foundation Invites Applications for LGBTQ Student Scholarships

Point Scholarships are designed to help promising LGBTQ students achieve their full academic and leadership potential despite obstacles. Scholars must demonstrate academic excellence, leadership skills, community involvement, and financial need. Attention also will be paid to students who have lost the financial

and social support of their families and/or communities as a result of revealing their sexual orientation, gender identity, or gender expression.

Point Scholars must agree to maintain a high level of academic performance and to give back to the LGBTQ community through the completion of an individual community service project each year. Some Point Scholars also benefit from internship opportunities related to their fields of study.
