would love it if community members could write about their experiences with their queer identity. We want to challenge the idea that in order to be proud of our identities, that queerfolk have to be "out" to everyone in their life. Some of us are only out to our parents, some of us to our best friends, and some of us are out with ourselves. We honor and respect who everyone is out to and feel you do not have to be "out" to everyone in your life to be proud of who you are.

That said, we'd love it if people would write about their stories ANONYMOUSLY on paper leaves in the Resource Center that will then be put up on a paper tree. Come to our program or just drop by the Resource Center to participate in this wondrous event.
